Carers SA Here for you

Anyone, anytime can become a Carer

Carers SA

If you care for a person who lives with:

- Disability
- Mental illness
- Dementia
- A chronic health condition
- An illness that is terminal
- An alcohol or drug related problem or
- Someone who is frail due to age

Then you are a Carer and can access the support and services that Carers SA offers

People become Carers in different ways. Sometimes they start helping someone out bit by bit. Sometimes it happens suddenly, because of an accident or illness.

Carers can be any age. Parents, grandparents, partners, siblings, children, friends and neighbours may all take on a caring role at some point in their life.

Carers SA is the state's peak body for Carer advocacy. We advocate on behalf of all Carers to influence policies and improve support services.

Carers SA is the lead Carer Gateway provider in South Australia and provides a range of supports for Carers
